2.3	Undergraduate Degrees Awarded	284	293	290	266	286	280
2.4	Graduate Degrees Awarded	105	89	110	94	96	100
2.5	% of Seniors Participating in Student Engagement Activities / Number of Respondents	N/A	93.3 / 15	84.8 / 46	N/A	Dec-07	80.0
2.6	Student Primary Major to Faculty FTE Ratio / Student Course to Faculty FTE Ratio	23.5 / 15.7	24.9 / 17.9	24.7 / 17.5	21.7 / 16.0	24.9 / 18.9	25.0 / 18.0
	Goal 3: Increase Revenues						
3.1	Awards from Grants and Contracts (# / \$) ¹	555 / \$29,368,256	668 / \$35,834,483	614 / \$35,891,976	669 / \$37,982,268	608 / \$34,185,285	650 / \$36,000,000
3.2	Private Giving Revenue ²	\$1,168,796	\$1,827,412	\$2,246,571	\$5,618,015	\$8,630,223	\$3,250,000

^o Invention Disclosure data for FY 2005 and 2006 is reported based on fiscal year, while data for 2002-03 and 2003-04 are based on calendar years. This change was made for '05 and '06 so that the numbers correspond to the data period requested by the annual Association of University Technology Managers (AUTM) survey, completed by the OSU Office of Technology Transfer.

¹ The number of awards is equivalent to the number of accounting transactions made under a college's award index, rather than the number of awards received by the college.

² The source for the FY 2005, 2006, and 2007 private giving revenue data was changed to the OSU Foundation Campaign Report, which includes bequest expectancies for those who will be 70 by the end of the campaign and other pledges. The Campaign Report does not discount planned gifts nor make allowances for uncollectible pledges.

Notes: For FY 2003, 2004, and 2005, all awards affiliated with both a campus department and the OSU Extension Service were reported under the affiliated campus department. Beginning FY 2006, these awards will be reported under the OSU Extension Service and not the campus department or college. College of Agricultural Sciences award metrics include Agriculture Experiment Station (AES).

¹ College of Education not included in NSSE Survey results due to a sample size of less than 5 for 2003-04.

² The number of awards is equivalent to the number of accounting transactions made under a college's award index, rather than the number of awards received by the college.

³ The source for the FY 2005, 2006, and 2007 private giving revenue data was changed to the OSU Foundation Campaign Report, which includes bequest expectancies for those who will be 70 by the end of the campaign and other pledges. The Campaign Report does not discount planned gifts nor make allowances for uncollectible pledges.

Notes:

•B.A./B.S. in Education approved by the Board on 09/19/2003.

•The School of Education became the College of Education in 2005. In 2002 the School of Education was established. From 1992 to 2002, it was part of the College of Home Economics and Education. From 1989 to 1992, it operated as the OSU College of Education. From 1982 to 1989, the OSU School of Education merged with that of Western Oregon State College (now WOU); the merger dissolved in 1989 due to logistical complications. From 1932 to 1982, it operated as the School of Education. Source: OSU Libraries University Archives

•For FY 2003, 2004, and 2005, all awards affiliated with both a campus department and the OSU Extension Service were reported under the affiliated campus department. Beginning FY 2006, these awards will be reported under the OSU Extension Service and not the campus department or college.

Common Metric Definitions

Metric #	Metric	Source		Definition
		Office	Person	
1.1	Expenditures from Grants and Contracts, and Other Sources	the Research Office and the Office of Post Award Administration	Rich Holdren (the Research Office) & Kim Calvery, Mark Bierly (the Office of Post Award Administration)	<p>Expenditures are dollars spent on research activities aggregated to the college level during the defined period of time. Based on the fiscal year. Expenditures include the following items:</p> <ul style="list-style-type: none"> sponsored program awards. These are all of the externally sponsored awards described in the sponsored awards definition. research gifts that reside in OSU M2xxxx indexes only. Forestry M2xxxx indexes are excluded due to the fact that expenditures in these indexes are subsidized by Forest Operations. Does not include FSxxxx and FExxxx (OSU Foundation gifts), M3xxxx (Library gifts) and M4xxxx (scholarships) indexes. As the definition of expenditures implies, gifts are not counted until they are spent. federal formula funds -- McIntire-Stennis (FRL) and Hatch (AES) -- and state match dollars supporting those programs. Does not include Smith-Lever or other Extension Service dollars. cost sharing in specifically identified cost share funds, including cost overruns and NSF 1%. Does not include waived fee remissions and unrecovered F&A costs. <p>Expenditure amounts are obtained from the index that expended the funds.</p>
1.2	Invention Disclosures	Office of Technology Transfer	Brian Wall	<p>An invention disclosure is a record of invention that a college files with the Office of Technology Transfer in order for the patentability and the commercial potential of the invention to be assessed. When invention disclosures represent efforts by multiple colleges, each college involved is credited with an invention disclosure. Invention disclosures may not be applicable to all colleges. Association of University Technology Managers (AUTM) reports "Invention Disclosure" data based on calendar years. Therefore, 2003 calendar year data is entered for AY/FY 2002-03, 2004 calendar year data is entered for AY/FY 2003-04, and 2005 calendar year data is entered for AY/FY 2004-05.</p>
1.3	% of Faculty, Staff, and Students Comfortable with Climate for Diversity	Office of Community and Diversity	Terryl Ross & Beth Rietveld	<p>Number of students who indicated on the Campus Climate Survey that they were "Very Comfortable" or "Comfortable" with the climate for diversity, divided by the number of students who completed the Campus Climate Survey.</p>
1.4	% of Minority Students of Total College Enrollment	Office of Institutional Research	Susan Wang	<p>Number of U.S. Minority Students (Black, Asian/Pacific Islander, Hispanic, or American Indian/Alaska Native) in a college divided by the total college enrollment.</p>

Common Metric Definitions

Metric #	Metric	Source		Definition
		Office	Person	
2.1	First Year Retention Rate	Office of Institutional Research	Susan Wang	Retention rate is the percentage of the cohort class in a given fall term who returned to the initial college or OSU in the next subsequent Fall Term. For example, the "First Year Retention Rate" for the Fall Term 2002 cohort class is the percentage of the Fall Term 2002 cohort class who returned for Fall Term 2003. The initial cohort is defined as all students who enter their initial colleges as first-time, first-year, degree-seeking undergraduate students. Note: Fall 2001 cohorts for AY2002-03, Fall 2002 cohorts for AY2003-04, etc.
2.2	6-Year Graduation Rate	Office of Institutional Research	Susan Wang	Graduation rate is the percentage of the cohort class in a given Fall Term who graduated from the initial college or OSU within a designated period of time. For example, the "Six-Year Graduation Rate" for the Fall Term 1996 cohort class is the percentage of the Fall Term 1996 cohort class who graduated from OSU before Fall Term 2002. The initial cohort is defined as all students who enter their initial college as first-time, full-time, degree-seeking undergraduate students. Note: Fall 1996 cohorts for AY2002-03, Fall 1997 cohorts for AY2003-04, etc.
2.3	Undergraduate/First Professional Degrees Awarded	Office of Institutional Research	Susan Wang	Number of undergraduate or first professional degrees (Doctor of Pharmacy and Doctor of Veterinary Medicine) awarded for an academic year spanning from summer to spring. College numbers include the Honors Baccalaureate degrees awarded for that year.
2.4	Graduate Degrees Awarded	Office of Institutional Research	Susan Wang	Number of graduate degrees (Master and Doctorate) awarded for an academic year spanning from summer to spring.
2.5	% of Seniors Participating in Student Engagement Activities / Number of Respondents	Student Affairs Research and Evaluation	Rebecca Sanderson	Of the seniors who returned a completed survey for a particular college, the percentage of senior respondents who reported that they had done one of the following while at OSU: -Practicum, internship, field experience, co-op experience, or clinical assignment, -Community service or volunteer work, -Work on a research project with a faculty member outside of course or program requirements, or -Study abroad. This percentage is compared to the number of senior respondents within the college who completed and returned the survey. <i>Source: National Survey of Student Engagement (NSSE)</i>
2.6	Student Primary Major to Faculty FTE Ratio / Student Course to Faculty FTE Ratio	Office of Institutional Research	Susan Wang/ Steve Edwards	The student/faculty FTE ratio is the student FTE divided by the faculty FTE for a specific Fall Term. The faculty FTE used in the student/faculty ratio calculation is the FTE assigned to instruction for all faculty. The student FTE is calculated based on student level and credit hours: for undergraduate students (Freshman, Sophomore, Junior, Senior, Post-Bac, Non-degree undergraduate): credit hours/15. For Master, Non-degree graduate, and First Professional students: credit hours/12. For Doctoral students: credit hours/9. Credit hours are generated using two different methods: 1) By the majors within the college (using the primary_major_1 field in the Student Data Warehouse) and, 2) By the courses taught within the college. The first method includes courses taught by all colleges where a particular college's majors have taken courses. The second method includes only courses taught by the particular college to various majors. Depending upon the student level, these credit hours are then divided by 15, 12 or 9. Both are divided by the faculty FTE, which is based on the faculty labor distribution organization number/code.

Metric #	Metric	Source		Definition
		Office	Person	
		3.1	Awards from Grants and Contracts	
3.2	Private Giving Revenue	OSU Foundation	Steve Schauble	Based on the fiscal year. For FY 2000 through FY2004, private giving revenue includes gifts and pledges (Report number:stat0015ap_b). Gifts are all outright donations of cash, securities, other properties (real and personal), and donations received via any corporate matching gift programs. Pledges are those contributions that are unconditional promises to give any of the aforementioned items in the future. Gifts and pledges that come directly to the university and not through the OSU Foundation are not included. Ag LIA, Ag Life Insurance, and Jackman Foundation included with the College of Agricultural Sciences; Business Life Insurance included with the College of Business; 4-H and 4-H LIA included with the College of Education; Home Ec Life Insurance included with the College of Health and Human Sciences. For FY 2005, 2006, and 2007, the source for private giving revenue data was changed to the OSU Foundation Campaign Report, which includes bequest expectancies for those who will be 70 by the end of the campaign and other pledges. The Campaign Report does not discount planned gifts nor makes allowance for uncollectible pledge

Unique Metric Definitions

College	Metric #	Metric	Person	Definition
College of Agricultural Sciences	1.x.1	External Funds Generated per State Dollar Invested in Statewide Public Services	Karen Meador	The ratio of external funds to statewide funds in the Agricultural Experiment Station statewide unit. Based on the fiscal year.
College of Business	3.x.1	Business Solutions Group Contracts	Malcolm LeMay	The number of contracts for services provided by the Business Solutions Group including product testing, application development, etc. compared to the dollar amount of these contracts for a specific fiscal year.
College of Business	3.x.2	C2C contracts, gifts, grants	Malcolm LeMay	The number of contracts for services provided by the Close to the Customer including focus groups, survey work, data collection, course delivery, grants, gifts, etc. compared to the dollar amount of these contracts for a specific fiscal year.
College of Education	2.x.1a	Undergraduate Students in Pre-Education Major	Allan Brazier	Number of students (BA, BS, HBA, HBS) declaring Pre-education Major and enrolled in pre-education courses
College of Education	2.x.1b	Undergraduate Students in Education Major	Allan Brazier	Number of students (BA, BS, HBA, HBS) admitted to Double Degree Education Major
College of Education	2.x.2	Teachers/Counselors Recommended for Licensure	Allan Brazier	Number of students who completed the program and who were recommended for licensure.
College of Forestry	1.x.1	External Funds Generated per State Dollar Invested in Statewide Public Services	Karen Meador	The ratio of external funds to statewide funds in the Forest Research Lab statewide unit. Based on the fiscal year.
College of Pharmacy	2.x.1	Pass Rate on NAPLEX Board Exam	Wayne Kradjan	The number of graduates through December of the graduating year who passed the NAPLEX test, divided by the number of graduates through December of the graduating year who took the NAPLEX test.
College of Pharmacy	2.x.2	PharmD (Doctor of Pharmacy) Total Graduation Rate	Wayne Kradjan	The number of students who have graduated or who are expected to graduate during a specific academic year divided by the number of students who entered the program. Note: Fall 1999 cohorts for AY2002-03, Fall 2000 cohorts for AY2003-04, etc.
College of Pharmacy	2.x.3 / 2.x.4	Students Admitted/Applicants	Wayne Kradjan	Number of students admitted to pursue the first professional/graduate program during a specific academic year and who matriculated into the program during Fall term of the following academic year compared to the number of students who applied.
College of Veterinary Medicine	2.x.1	DVM (Doctor of Veterinary Medicine) Graduation Rate	Howard Gelberg	Number of students who graduated in the academic year divided by the number of accepted students plus transfer students.
College of Veterinary Medicine	2.x.2	First Year Retention Rate	Patrick Kamins	Percent of all first professionals continuing their education in Veterinary Medicine one year following their initial enrollment in the program.
College of Veterinary Medicine	2.x.3 / 2.x.4	Students Admitted/Applicants	Patrick Kamins	Number of students admitted to pursue the first professional program and the graduate program compared to the number of students who applied to the programs.
University Honors College	1.x.1	Number of New UHC Students (including transfers)	Joe Hendricks	Yield
University Honors College	1.x.2	% Merit Scholars in UHC	Diana Hancock	Number of Merit Scholars in University Honors College divided by total number of Merit Scholars at OSU.
University Honors College	2.x.1	Students Admitted/Applicants	Joe Hendricks	Number of students admitted to the college to pursue a particular program of study compared to the number of students who applied to the college.
Extended Campus	1.x.1	Student Credit Hours for Distance/Online and Summer Session	Bill McCaughan	SCH of Ecampus online students. Summer session SCH includes all students enrolled in SS, excluding Cascades Campus, Ecampus and Vet Med. Source: <i>Data Warehouse</i>
Extended Campus	1.x.2	Program Inventory-Undergrad/Grad	Bill McCaughan	Programs resulting in a degree, certificate, minor, or concentration.
Extended Campus	2.x.1	Average Length to Degree Completion	Bill McCaughan	All students awarded BA degrees from OSU during the 02-03 and 03-04 academic years; included first term of admission to OSU and term the degree was awarded; calculated the time difference between the two dates and the mean. Source: <i>Data Warehouse</i>
Extended Campus	2.x.2	Satisfaction Rate per Course	Bill McCaughan	Data for Summer, Fall, Winter, and Spring of 2003-04, with annual averages for each item. Results are reported in percents of responses in the ratings of 5 and 6, on a scale of 1 to 6, with 6 being the top score. Source: <i>Online Student Evaluation of Teaching (beginning Summer 03)</i>
