* Interdisciplinary programs not associated with a single department are reported as if they are a department.

** We distribute credits according to the College, Department and CIP (classification of instructional programs) code attributed to the course in the Banner Student Information System; the row title for each CIP code is based on the OSU program title most closely associated with the particular CIP code (we do not list the CIP code). Note: course subject code is not used for CIP code level distribution.

*** Until Winter 2015, Agricultural Sciences courses taught at Eastern Oregon University (EOU) were processed through the EOU course registration system and were not available in the OSU end-of-term registration tables. The Oregon University System provided OSU with total SCH from EOU Agricultural Sciences courses at the course level only, which we listed separately at the end of the College of Agricultural Sciences section (in the 2014-15 report, this section represents fall and winter SCH only).

Starting in Spring 2015, EOU Agricultural Sciences courses are processed within the OSU registration system and Institutional Research incorporates them into the SCH report in the same manner as other OSU courses and are distributed according to the appropriate CIP code.
